

Bulgaria Healthy Energy Storage Project

Overview

Bulgaria's Ministry of Energy has approved €588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9. The final decision, announced on Ap, concludes a competitive selection process that began with 151 proposals. Bulgaria's Ministry of Energy has approved grant funding for 31 battery energy storage system (BESS) projects totaling more than 4 GWh, under the second round of the National Renewable Energy Storage Infrastructure (RESTORE 2) program, part of the country's National Recovery and Resilience Plan. Bulgaria's second standalone energy storage procurement exercise of 2025, worth close to BGN 229 million (\$137. 2 million), received a lot of interest and there are 30 project proposals included in a reserve list, the government said. The overall planned capacity from the round tops 4 GWh. Conversely, Aurora Energy Research doubts that the ambitious targets in the sector would be fulfilled.

Bulgaria Healthy Energy Storage Project

Bulgarian tender awards more than 4 GWh of energy storage capacity

The 31 projects will create more than 4 GWh in usable energy storage capacity, the Ministry said.

Bulgaria Commits EUR600 Million to Nearly 10GWh in Energy Storage

Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The final decision, ...

Bulgaria awards grants to 4 GWh of new battery storage projects

Bulgaria's latest call for battery energy storage capacity has selected over 4 GWh of projects that will be supported with a total grant funding of BGN 228.9 million (USD 137.1m/EUR ...

Bulgaria Is Promoting Standalone Battery Storage Upto 10GW

The deadline for submission of standalone battery storage project proposals was Decem. The Bulgarian Ministry of Energy announced on December 6 that it has received ...

Bulgaria approves RESTORE funds for over 4 GWh in BESS projects

The grants are for 31 projects for standalone battery energy storage systems or BESS. Total capacity covered exceeds 4 GWh, more than double the minimum target! The ministry has ...

Enery Secures Green Financing for 600 MWh Battery Storage Project ...

The transaction marks one of the country's most advanced storage financing deals to date, supporting Bulgaria's transition toward a more flexible and renewable-powered energy system.
