

Canadian lithium battery energy storage company

Overview

LG Energy Solution and Stellantis' joint venture (JV), NextStar Energy, operator of Canada's first large-scale lithium-ion (Li-ion) battery manufacturing plant, is expanding to produce energy storage system (ESS) batteries. Beginning in November, the Windsor, Ontario, plant will start producing. This article serves up a fresh list of Canadian energy storage companies that are rewriting the rules of how we store and distribute power. From underground air vaults to carbon-based supermaterials, these players are making Tesla's Powerwall look like yesterday's news.
