

Central Asian countries network cabinet 600mm depth

Overview

Maximize vertical space with this rugged 12U wall-mounted server rack, built to house your essential network gear in compact environments. At 600mm x 600mm x 600mm, it's the perfect blend of accessibility, airflow, and security—ideal for smart homes, retail, and edge network setups. It's easy to deploy the Performance Series. L-com's LC-SMA6612-W is a wall-mount or freestanding cabinet designed for organizing and securing your 19" standard rack-mount servers and networking equipment, making it an essential component of any modern IT infrastructure. The additional depth offers increased versatility and the 600mm width gives ample space for cable management. Easy to assemble, it only takes 5 minutes for installers.
