

Dustproof Server Racks for Network Data Centers

Overview

No server cabinet is 100% dust proof, no enclosure completely water proof, but NEMA 12 server racks can go a long way to protecting your vital IT equipment. These Dust Resistant / Water Resistant Racks, are 19" EIA 310-D compliant and should fit most rackmount equipment. Protect your server and network equipment from dust, dirt, and contaminants with DustShield rack enclosures. These filtered cabinets create clean room environments for sensitive electronics including servers, switches, and IDFs. Configurable from 4 to 43 RU in 20", 25", or 30" depths. Leasing permits 100% financing with no down payment, so you get the equipment you need without a major cash outlay. With leasing, you can arrange long, flexible terms with low monthly. Fortunately for those concerned with damage to their server, Deckro has a product that provides effective protection to servers and network systems in dusty environments. Introducing the Great Lakes.
