### Hatta Pumped Storage Hydropower Plant, UAE

The 250MW Hatta pumped storage hydropower plant is being developed near Dubai, United Arab Emirates (UAE), by Dubai Electricity and Water Authority (DEWA). The total investment ...

---

### Dubai's Solar Power Capacity Surges with New Mega Plant Opening

The sixth phase uses cutting-edge photovoltaic (PV) solar panels and concentrated solar power (CSP) technologies, including a parabolic basin complex and a solar power tower with molten ...

### Electricity from water: Dubai to get clean energy from Hatta plant in April

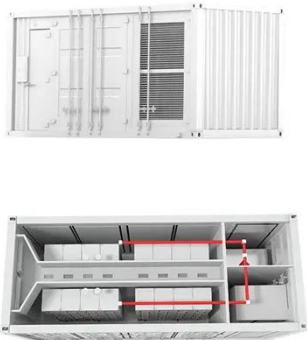

The plant will have a production capacity of 250 megawatts (MW), a storage capacity of 1,500 megawatt-hours and a lifespan of up to 80 years with an investment of Dh1.421 billion.

---

## Hatta Pumped Storage Hydro Power

## Plant, Dubai (UAE)

Construction of a pumped storage hydro power plant located near the community of Hatta in the Hajar Mountains, 140 km southeast of the city of Dubai. The plant is a key element in Dubai's goal of ...

## DEWA's hydroelectric power plant in Hatta is 74% complete

Learn about the progress of the Hydroelectric Station project using pumped hydro energy storage technology in Hatta, implemented by Dubai Electricity and Water Authority.

## Dubai's 250 MW/1,500 MWh pumped-storage project nearing completion

Dubai Electricity and Water Authority's (DEWA) Hatta pumped-storage hydroelectric power plant is now 74% complete, and it is expected to begin operations in the first half of 2025. The

## UAE Renewable Energy Breakthrough: Hatta Hydropower Project ...

The Hatta Pumped Storage Hydropower Plant in Dubai, the first of its kind in the Arabian Peninsula, is the prime example

of this concept.
