

# Financing for a 20kW energy storage cabinet for farms

## Overview

---

The Farm Storage Facility Loan Program (FSFL) provides low-interest financing so producers can build or upgrade permanent and portable storage facilities and equipment. A 20kWh energy storage system can store excess energy generated during peak production times and release it when the production is low or during power outages. Eligible commodities include grains, oilseeds, peanuts, pulse crops, hay, hemp, honey, renewable biomass commodities, fruits and. It's the key to accessing smarter energy tariffs that secure your long-term financial stability. You can add many battery modules according to your actual needs for customization.
