

High-efficiency financing solution for outdoor telecom enclosures used in water plants

Overview

Purcell Systems responds with highly configurable, thermally managed outdoor rack enclosure solutions that address all power, thermal, acoustic, cabling, and quality requirements. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. Designed to house and protect critical telecommunications equipment, our cabinets are built to withstand extreme weather conditions, including high temperatures. Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations.
