

Homemade foldable portable photovoltaic panel bracket

Overview

In this video, I'll show you how to make a lightweight and foldable solar panel stand using materials available at most hardware stores. DIY Compact & Foldable Solar Panel Stand - Perfect for Camping & Outdoor Use We have two foldable solar panels: DOKIO 100W and E-Power 100W. Using these panels without a stand can be inconvenient. Note: I've listed the sizes I used for my specific panel, a 100 watt HQST solar panel. Follow Step 2 and Step 3 to find. We're completely off-grid and hookup-free here at Gnomad Home, and without sunlight we can't work, or charge our phones, or write these epic vanlife guides.
