

# Honiara is building a 20GWh solar container battery project worth 75 billion

## Overview

---

The Solomon Islands Renewable Energy Development Project plans to finance new solar farms in Guadalcanal and Malaita provinces, along with a utility-scale grid-connected energy storage system in Honiara, the country's capital. It will also support a pilot for rooftop solar. Honiara Energy Storage Container A type-approved, all-in-one battery room solution, the Corvus BOB reduces energy storage system installation time, streamlines integration, and eases classification. Source: PV Magazine LATAM [pdf] The global industrial and commercial energy storage market is experiencing explosive growth. Construction commenced on China's first gigawatt-hour (GWh) vanadium flow power station in Qapqal Xibe, Xinjiang, with a total installed capacity of a million kilowatts (kW). What is a vanadium flow battery?

Vanadium flow batteries, such as the EnerFLOW 640, offer several advantages over traditional. The company clarified to Renew Economy that this \$400 million reflects only the first 330MW/1.
