

# How long can skin care products be kept in a locker

## Overview

---

Generally, these products can last anywhere from 6 months to 1 year. The gentle ingredients in cleansers don't spoil quickly, but exposure to air and bacteria can reduce their lifespan. Keep powders and solids in a dry place, and consider finding a location outside your bathroom. Skin care products have long claimed space on the shelves in our bathrooms: select SPF's, treatments and moisturizers sit nicely on our vanities next to our hair and body care favorites. Some skin care lovers take it a step further, freeing up space between the milk and eggs in their refrigerator to. We caught up with Dr. Michael Kaminer, board-certified dermatologist and Skincare. Typically, skin care products will last between six months to one year—note the. Think of storing your skincare like how you would store a fine wine - as long as you keep your products well-sealed in a cool, dry, and dark place, you can ensure they last for as long as possible. Best practices for minimizing light exposure. Light can harm some skincare ingredients.
