

# Hungarian energy storage power station epc

## Overview

---

The European Commission has approved a €1.1 billion (approximately HUF 436 billion) Hungarian scheme to support electricity storage facilities to foster the transition to a net-zero economy. The Hungarian Ministry of Energy has announced that around 50 grid-scale energy storage projects with a cumulative capacity of 1.1 GWh will be supported. The Putnok substation collects energy from 22 MW Putnok and 28 MW Serényfalva solar power plants - the commissioning of which took place on 02-03. 2024, as reported on our social media pages. According to the Strategy energy storage may be solved more efficiently with regional cooperation (i.
