

Installation of DC battery cabinet in power distribution room

Overview

Units covered by this instruction manual are manufactured and/or sold by Vertiv. This document is the property of Vertiv and contains confidential and proprietary information owned by Vertiv. Any copying, use or distribution is prohibited. Batteries or batteries have been taken to ensure the system arrives safe and undamaged. However, upon receipt, you should inspect the entire shipment, including the crate and any accessories IMMEDIATELY while the carrier representative is still present. The DC cabinet consists of 1 DC cabinet, 9 DC circuit breaker, copper bar, AC isolation transformer, MBMS, LCD, isolation power module and wire, etc. Placing a DC system with an indoor cabinet allows installation in areas other than a dedicated electrical or battery rooms allowing more flexibility on the installation location while still meeting code requirements.
