

Kenya home energy storage manufacturer

Overview

As a leading provider of solar energy storage systems, Felicity Solar Kenya specializes in the design, supply, and integration of advanced photovoltaic (PV) and lithium battery energy solutions for both off-grid and hybrid applications. Icopower-Esco is a prominent Energy Service Company (ESCO) in East Africa and the Indian Ocean, focusing on energy efficiency solutions that can enhance energy storage strategies. Their use of artificial intelligence and comprehensive energy monitoring can help facilities optimize their energy use. GSL Energy's wall-mounted rack LiFePO4 battery maximizes space with powerful energy storage. Designed for durability with 6,500+ cycles, it supports parallel expansion for scalable solutions. Ideal for solar systems, backup power, and off-grid solutions use. Our commitment to innovation, quality, and customer satisfaction has made us a preferred choice for individuals and businesses looking to embrace clean. Kenya's energy landscape is rapidly evolving, with off-grid solar systems emerging as a key solution to provide clean, affordable, and reliable power to communities, businesses, and industries. We integrate world-leading technology and engineering to build resilient, client-focused systems.
