

# Large photovoltaic panel hoist

## Overview

---

This innovative tool enables you to lift solar modules to the roof with ease and precision, making installation faster, safer, and more efficient. With its compact design and simple operation, Module Lift is ideal for both residential and commercial solar installations. Handling solar panels is easy and efficient with UniMove solar panel lifters. The device uses your existing fiberglass Werner or Louisville extension ladder. With GEDA USA's leading solar panel lift distributor offering original Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. This is an excellent option for projects located in remote, off grid, or new construction areas where power is not readily accessible. Raise and lower up to 500 lbs with just the push of a button.

## Large photovoltaic panel hoist

---

### FUEL Solar Lift

The FUEL Solar Lift is a fully manual lift that is conveniently operated on a standard aluminum extension ladder. It takes less than 30 seconds to safely and easily lift solar panels and equipment to a two ...
