

# Longi 540w photovoltaic panel size

## Overview

---

The Longi Solar 540W Mono uses 210mm wafers, which are larger than the standard 156mm wafers used in most solar panels. This allows the panel to generate more power per square meter, which can be beneficial for installations with limited roof space or for projects with high energy. Optimal Price-Performance Ratio: At \$0.35 per watt wholesale pricing combined with 21.1% efficiency, the LONGi 540W offers exceptional value for premium solar technology, making high-efficiency installations more cost-effective in 2025. Advanced Half-Cut Cell Benefits: The 144 half-cut PERC. For wholesale pricing and availability contact your local Greentech Renewables or: Let us know what you're after through this form or by contacting a location near you and we'll promptly get you a quote with pricing and local availability. All thanks to a reflective layer on the back. Outstanding Efficiency: The Longi Solar 540W module boasts remarkable efficiency levels, enabling it to convert sunlight into electricity with unparalleled efficacy.
