

Manufacturer of Corrosion-Resistant Power Cabinets

Overview

These US-based Companies, deal in custom, weatherproof, and NEMA-rated enclosures, thereby ensuring that your electrical components stay protected regardless of the environment. Custom manufacturer of electrical cabinets made from aluminum, cast iron, fiberglass, steel, polycarbonate, and stainless steel materials. Built from durable materials such as stainless steel and mild steel, our cabinets provide reliable performance against dust, water, and harsh operating conditions. Poor insulation increases electrical risk. Generic layouts force costly on-site modifications.
