

# Namibia builds energy solar site

## Utility-Scale ESS solutions

## Overview

---

NamPower, Namibia's national power utility, has broken ground on a 100 MW solar project, its largest to date. The Sores Gaib Power Station is being built 33 km northwest of mining town Rosh Pinah in southern Namibia. The project has officially moved forward after securing substantial funding from the German. Rosh Pinah — NamPower recently made history by breaking ground for the biggest solar power plant ever to be constructed in the country, constituting an investment of N\$1.

## Namibia begins construction of 100-MW solar power plant

WINDHOEK, June 20 -- Namibia officially broke ground on Thursday for its largest solar photovoltaic power plant, the 100-MW Sores Gaib Power Station, marking a major step toward enhancing the ...

## Namibia: NamPower Breaks Ground for Biggest Solar Plant N\$1.8

This latest solar power project is funded through a combination of a loan from KfW (German Development Bank, equivalent to about N\$1,3 billion) and the remainder from NamPower's ...

## A \$90.3 million solar power plant launched by NamPower to ensure

Namibia has commenced building its largest solar facility, Sores, Gaib, to reduce its reliance on energy imports by

**5** Years  
warranty

utilising its significant solar capability, which is regarded as one of the highest ...

---

## **NamPower begins 100 MW solar project in Namibia**

The national electricity utility of Namibia, NamPower has started construction of the Sores Gaib solar power station in Rosh Pinah, Namibia. The solar photovoltaic (PV) plant will have a ...

---

## **NamPower to break ground on 100MW Sores ,Gaib solar plant**

The Sores ,Gaib Power Station is set to become the second-largest solar facility in Namibia, supporting the government's goals for energy security and self-sufficiency as outlined in ...

---

## **NamPower Breaks Ground on Namibia's Largest Solar PV Power Station**

On 19 June 2025, NamPower officially commenced construction of the 100 MW Sores ,Gaib Solar PV Power Station,

marking its largest solar power project to date. The groundbreaking ceremony took ...
