

Overview

Mumbai, 7th April, 2025 – Tata Power, India's largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100 MW Battery. - 100 MW BESS will be installed across 10 strategic locations in Mumbai over the next two years - Will ensure uninterrupted power supply to critical infrastructure such as the Metro, Hospitals, Airport, and Data Centers during grid disturbances, and will support grid through islanding to prevent. Mumbai: The Kudus-Aarey HVDC (High Voltage Direct Current) project, a 320kV transmission link designed to bring an additional 1,000MW of renewable energy into Mumbai's grid, including renewable energy sourced from across the national grid, is expected to be commissioned by Adani Energy Solutions. Tata Power will install a 100 MW battery energy storage system to facilitate peak load management in Mumbai's power network. It will implement the system across ten strategically located sites in Mumbai, centrally monitored and controlled from its power system control center. Tata Power, a. The BESS, featuring "black start" capabilities, will facilitate quick power restoration to essential services such as the metro, hospitals and airports. Tata Power on Monday said it has received an approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100-MW battery energy. With increasing government support and clear targets, India's BESS market has increased, and installations rose from 51 MWh in 2023 to over 341 MWh in 2024 (source) The government has mandated co-located storage for new solar projects (at least 2-hour storage or 10% of capacity) and announced.

Top 10 Battery Energy Storage (BESS) Companies in India

Explore the top 10 BESS companies in India driving grid stability, renewable integration, and energy storage growth through policy support and large-scale deployments.

MERC Approves Tata Power's 100MW Battery Energy Storage ...

Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage ...

Mumbai likely to get additional 1,000MW renewable energy by March ...

Mumbai: The Kudus-Aarey HVDC (High Voltage Direct Current) project, a 320kV transmission link designed to bring an additional 1,000MW of renewable ene.

Tata Power BESS to support critical infrastructure in Mumbai

Electric utility and generation company Tata Power has received regulatory approval to deploy a centrally controlled battery storage system in Mumbai, India.

Tata Power Gets Storage Nod

Tata Power has received regulatory approval to deploy a 100 MW Battery Energy Storage System (BESS) in Mumbai, a significant move to strengthen the city's power reliability and accelerate ...

Tata Power to Install 100MW Battery Energy Storage System (BESS) in Mumbai

As renewable energy adoption accelerates, BESS plays a pivotal role in enabling a smoother transition. Compared to conventional alternatives, BESS offers a more cost-effective, faster-to-deploy solution ...

Tata Power to Install 100 MW Battery Storage in Mumbai for

Mumbai, Ap- Tata Power, India's leading integrated power company, has secured

approval from MERC to deploy a 100 MW Battery Energy Storage System (BESS) across 10 strategic ...

Tata Power gets nod to install 100-MW battery energy storage project ...

Tata Power has received approval from the Maharashtra Electricity Regulatory Commission to install a 100-MW battery energy storage system in Mumbai.

Tata Power to install 100 MW battery energy storage system in Mumbai

Tata Power will install a 100 MW battery energy storage system to facilitate peak load management in Mumbai's power network. It will implement the system across ten strategically ...

Tata Power gains approval to install 100MW BESS in Mumbai, India

Tata Power has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to implement a

100MW battery energy storage system (BESS) in Mumbai, ...
