

Photovoltaic panel scam returns home appliances

Overview

If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Someone contacts you through email, phone, social media, or even in person pretending to be a solar company. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel.sumer complaints about a small number of unscrupulous solar companies. When the sun shines on solar panels, they produce electricity that can be used to power appliances and devices in your home.
