

Photovoltaic support removal

Overview

This guide covers reasons for removal, key steps, costs, and tips for proper storage, recycling, or reinstallation of your solar equipment. Removal is the process of temporarily removing solar panels or the entire system from your home. Timelines may vary depending on the scope of work and crew availability, so we recommend starting. Did you know that over 12,000 solar farms will reach their 25-year lifespan by 2030?

As we approach Q2 2025, the urgent need for photovoltaic support removal and pile extraction has become impossible to ignore.
