

Portable energy storage products 3kWh

Overview

Power stations with a capacity over 3kWh provide substantial energy storage, making them ideal for more demanding applications such as extended camping trips, outdoor events, and as backup power for homes. Experience reliable power anywhere with the 3kWh Portable Power Station. Lightweight design, LCD screen, and multiple ports. Made with chemicals safer for human health and the environment. Suitable for reducing your energy consumption at night, charge off-peak with low-cost electricity. These units feature a pure sine wave inverter to protect sensitive electronics and dual charging capability (AC/Solar). Forget bulky, hard-to-move power. The Gendome Home 3000 Portable Power Station is a new premium portable power bank that offers 3kwh of capacity and offers a wealth of charging options including solar and wind charging.
