Need help?

. AZE's 12U Outdoor network Cabinet are designed to protect your sensitive network equipment from harsh environments, with waterproof and dustproof features to safeguard it from the elements, while still keeping the equipment secure outside. Designed for long-term reliability, it provides a controlled and secure enclosure that ensures stable operation for base stations. This Integrated Cabinet for Telecom Equipment is designed for outdoor telecom applications, incorporating power distribution units, thermal management (AC or fan), standard 19-inch mounting racks, battery trays, and remote monitoring modules. With a protection rating of IP55 —where "5" indicates limited dust ingress and "5" signifies protection from low-pressure water.
