

# Rooftop solar panel deadline

## Overview

---

This tax credit can be applied to eligible costs associated with purchasing and installing rooftop solar panels on your home by the Dec. It is not intended to. Time is Critical: With Congressional proposals ranging from end-of-2025 to 180 days after bill enactment, homeowners have an extremely narrow window to secure the full 30% federal solar tax credit before potential elimination. With the passage of the Trump administration's "One Big Beautiful Bill," residential solar power systems need to be installed and likely. After Decem, it will be gone completely. What does this mean to you?

It lowers your federal tax bill directly.
