

Solar Photovoltaic and Energy Storage Expo Popularity

Overview

Draws 2,000+ exhibitors and 250,000+ visitors from 100+ countries across solar manufacturing, ESS integration, grid infrastructure, and EV charging applications. Concurrent: Global Energy Storage Summit, PV & Storage Development Conference, Excellent Enterprises Awards. As solar, wind, energy-storage, and grid-modernisation technologies move from niche to mainstream, the ecosystem is evolving rapidly. With major events across utility solar, offshore wind, battery-storage, and hydrogen, brands are investing in trade show booth rental solutions to showcase.

- o 2025 China Photovoltaic Industry Development Summit Forum
- o 2025 Guangdong New Energy Storage Industry High-Quality Development Forum and Excellent Enterprises Award Ceremony
- o 2025 World Power Supply Expo

Contact For a free two-night hotel accommodation offer to overseas buyers, booking stands. This February 18-20 at the San Diego Convention Center, IESNA Flagship will provide activities that enhance education, collaboration, and connection beyond the exhibit hall and conference program. “Programming for IESNA Flagship—the first major solar and storage event of 2026—provides professionals. If playback doesn't begin shortly, try restarting your device. An error occurred while retrieving sharing information. Solar PV & Energy Storage World Expo has always been unanimously recognized and positively reviewed by the photovoltaic and energy storage industry in the. The Solar PV and Energy Storage World Expo has firmly established itself as one of the largest and most influential solar industry events in China and the Asia-Pacific region. These events offer an incredible opportunity for installers, developers, manufacturers, policymakers, and innovators to come together and shape the future of solar and renewable.
