

Tesla model x price

Overview

The manufacturer's advertised lease pricing is based on an MSRP of \$116,380 and a mileage allowance of 10k miles per year. Dealers determine actual lease prices, and most lease deals require above-average. We consider this an overpriced lease given the vehicle's MSRP of \$116,380. This is. If you search for all Tesla models today, you'll find a mix of sedans, SUVs, a wedge-shaped pickup, and even a supercar that still hasn't reached driveways. The Tesla lineup in 2025 can be confusing, especially if you're trying to decide which model to buy new or used. This guide walks through.
