

# Tianfu New District Foldable Photovoltaic Panel Factory

## Overview

---

Pengshan Company is located in Meishan District, Tianfu New District, Sichuan Province. On this day, the atmosphere in the Xinglong Lake Hall of Tianfu International Convention Center was warm, and the signing ceremony of the major projects of "opening red" in 2024 of Sichuan Tianfu New District was held here. 19 well-known enterprises including Qiya Group Co. gathered together. In 2023, the global solar panel market hit a record 380 GW capacity, but manufacturers face mounting pressure. Tianfu photovoltaic panel manufacturers have emerged as key players solving three critical challenges: Wait, no—actually, those carbon figures might surprise you. Our goal is to focus on every detail to ensure the highest quality and provide the best service to every customer. They can. Jinggong and Risen cooperate for BIPV roof products; JSG raises funds for silicon wafer equipment research; Sungrow to supply PV inverter solutions to Mercury Renew; Seraphim launches new series of dual glass PV modules; Tongwei eyes expanding its silicon solar cell output by 32 GW.
