The top curtain wall companies in the industry, such as Permasteelisa North America, Enclos, Kawneer, Schuco, W&W Glass, Yuanda China, EFCO Corporation, Technoform, Josef Gartner, and Alumil, have been able to meet this demand with their innovative design. The PV Curtain Wall System sector is evolving rapidly, driven by the push for sustainable building solutions and energy-efficient facades. As the demand for solar-integrated curtain walls grows, choosing the right vendor becomes crucial for architects, developers, and contractors. Find top global companies, their specialties, innovation, and project highlights. Curtain walls are more than just glass and metal on the outside of a building—they're the skin that shapes how a structure looks, performs, and ages over. This section provides an overview for curtain walls as well as their applications and principles. Here are the top-ranked curtain wall companies as of February, 2026: 1. This. Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels.
