

Wind is the price of the generator set

Overview

The price of a residential wind generator depends on its power output and design. Get free shipping on qualified Home Wind Turbines products or Buy Online Pick Up in Store today in the Electrical Department. Want to discover which kits stand out and how they can fit your needs?

Let's get started. But how much does a home wind turbine cost?

And are there any drawbacks to owning one?

The installed cost of a small wind turbine can be anywhere between \$300 and \$75,000! With such a huge. Its 12V three-phase AC generator operates quietly at just 55dB, yet delivers impressive output, especially in wind-rich environments, thanks to its 3-25 m/s operating range and optimized MPPT control. The rugged fiberglass blades, with their excellent temperature tolerance, mean durability even. Check each product page for other buying options.
